

Vinoprin™ softgels contain Perluxan®, a pure botanical extract from American hops (a key ingredient in beer). A patented extraction process uses carbon dioxide instead of toxic solvents. Vinoprin™ rapidly reduces pain-causing enzymes, while maintaining the beneficial enzymes that protect the digestive system. Vinoprin™ is free of the undesirable compounds in hops that can cause sleepiness or act as phytoestrogens. In addition, Vinoprin™ supports the body's natural inflammatory response and may promote bone health. Please visit [www.vinomis.com](http://www.vinomis.com) for more information.
